Dependable Precision

## Heavy Duty Industrial Clamps

# Introducing the **EXCISION** **FX Xtreme Clamp**

- ✓ **XTREME FORCE - LESS EFFORT**
- ✓ Lifetime guarantee
- ✓ Patented Design - improved performance through innovation
- ✓ Maximised efficiency and outstanding durability

- ✓ Internal ball bearing mechanism  
- no resistance for optimal performance

- ✓ Totally sealed - longer tool life
- ✓ Permanent lubrication - lifetime guarantee
- ✓ Trapezoidal thread - increased efficiency

- ✓ Hardened steel bar brake for a braking system of total confidence.

MADE IN SPAIN

See page 3 for full range of sizes.

## Heavy Duty Industrial Clamps

VX Super Vice Clamp

- ✓ Maximal clamping force with double hardened steel bar brakes for guaranteed non-slip clamping
- ✓ Ideal for larger work where higher pressure is required
- ✓ Extra Heavy Duty steel bar
- ✓ Made in Spain

 **MADE IN SPAIN**

Bar Profile (mm)	Bar Opening (a - mm)	Jaws (Lxh - mm)	Clamping Force (kg)	Part No.
80 x 42	1500	110 x 80	2000	3251500
80 x 42	2000	110 x 80	2000	3252000
80 x 42	2500	110 x 80	2000	3252500

- To adjust sliding jaw position:
1. Lift handle to tilt forward
  2. Slide the jaw to the desired position

## Heavy Duty Industrial Clamps

### Trestles for VX Super Vice Clamps

Part No. 325001

- ✓ Ideal for on-site applications
- ✓ 800mm height x 600mm wide

MADE IN SPAIN

### Magnetic Jaw Attachments

Part No. 321001

- ✓ Magnetic jaws for non-parallel clamping applications such as tube
- ✓ Swivel for difficult angles and applications
- ✓ For use with the FX Xtreme clamps
