

D618 H 1200

Diamond Core Bits

Suitable for drilling porcelain, ceramic, terracotta, marble and other tiles. Can be used either wet or dry. Wet usage prolongs life and reduces dust. Wax filled core aids cooling during the drilling process. 10mm Hex Shank provides positive grip and prevents slippage in chuck.

Diamond Core Guide

Suitable for guiding diamond core bits when drilling. Suction cup easily mounts guide to any type of tile surface. Includes holes for 5/6/8/10/12mm. For larger diameters, the V-Section can be utilised.

10mm Hex Shank
For positive grip, preventing slippage in chucks

Special Wax Filled Core
Aids cooling and provides cleaner job site

Vacuum Brazed #40 Diamond Grit Tip
For thermal and mechanical strength

Application

- DIY
- Trade
- Plumbing
- Masonry

Discount Group: A0609
