

Cordless WR36DE 36V Brushless 12.7mm Impact Wrench

Features

- Efficient brushless motor
- Powerful tightening & loosening torque
- Compact at 169mm in length
- IP56 dust & water resistant

Specifications

Capacity – Ordinary bolt.....	M10-M24 (3/8" to 1")
Capacity – High-strength bolt.....	M10-M20 (3/8" to 3/4")
Tightening torque*1	770Nm
Nut busting torque*2	1,050Nm
Tip condition.....	12.7 mm (1/2") square drive
No-load rotation speed – 4.....	0 to 2,400 min ⁻¹
No-load rotation speed – 3.....	0 to 2,100 min ⁻¹
No-load rotation speed – 2.....	0 to 1,800 min ⁻¹
No-load rotation speed – 1.....	0 to 1,500 min ⁻¹
Impact rate – 4.....	0 to 3,400 min ⁻¹
Impact rate – 3.....	0 to 3,000 min ⁻¹
Impact rate – 2.....	0 to 2,600 min ⁻¹
Impact rate – 1.....	0 to 2,200 min ⁻¹
LED light	White LED (SW interlocked)
Type of motor	Brushless
Type of power.....	36V
Type of switch.....	Trigger switch with forward/reverse changeover lever (with brake)
Weight.....	1.9kg (without battery)
Dimensions (L x H).....	169 x 242mm

*1 This torque is measured when tightening an M24 high-strength bolt (strength rating:10.9) for 10 seconds with a hexagonal socket.

*2 This torque is measured when loosening an M27 high-strength bolt (strength rating:F10T) with a hexagonal socket.
