

G3618DA(H4Z)

36V Brushless 180mm Angle Grinder

Barcode 4966376130085

High performance with brushless motor

Trigger switch

Brake, kickback, anti-restart
& soft start function

Soft grip & anti-vibration side handle

Specifications

Power	36V	
Motor	Brushless	
Wheel Diameter	180mm	
No-load rotation speed	Normal	5,300 min ⁻¹
	Auto mode	3,200 min ⁻¹
Actual maximum torque at 50 A of load current*1	4.0Nm	
Depressed centre wheel dimensions	Outside dia.	180mm (7")
	Thickness	6mm (1/4")
	Hole dia.	22.23mm (7/8")
Weight (without battery)	4.7kg	
Dimensions (L x H)	531 x 162mm	

*1 The overcurrent protection function of the lithium-ion battery activates at 50 A

Features

Trigger switch with ON/OFF lock to operates continuously without pulling the trigger switch

Auto mode function allows the speed shifts automatically between high and low

Tool-less wheel guard

Soft grip anti vibration handle

Dust and water-resistant construction design

Shaft lock button for easy wheel change

Included Accessories

Wheel guard

4mm hex. bar wrench

Side Handle

Wrench

Selling Points

Kickback protection recognises a sudden drop in motor rotation and stops the motor quickly to protect against sudden reaction force

Anti-Restart Protection. Prevents the power tool from starting up when a battery is inserted with the switch left on, for accident avoidance

Fast brake system stops the disc within 2 seconds

Soft start speed control function reduces the reactive force generated at motor start-up so as to reduce the load on the operator's hands

Applications

Removal of casting fin and finishing of various types of steel, bronze and aluminum material and castings

Grinding of welded sections or sections cut by means of a cutting torch

Cutting of synthetic concrete, stone, brick, marble, and similar materials

6 YEAR
POWER TOOLS
WARRANTY*

*5 year warranty on selected products with online registration.
