G10010N

450g Trigger Action Grease Gun

The EL Series G10010N 450g trigger action grease gun from Alemlube provides efficient and reliable greasing at a competitive price. Developing grease pressures of up to 4,000psi, the EL Series G10010N takes care of all your general day to day greasing applications and is supplied standard with a 300mm long grease gun flex. The unique follower cup design makes the grease gun suitable for use with 450g cartridges and bulk grease - without needing to change the orientation of the follower cup. The knurling on the barrel assembly of the EL Series G10010N assists the operator during cartridge change over. Ideal for intermittent or periodic greasing.
