

COLOURPACK

COLOURS FOR EPIREZ® FLOORING AND SUPATUFF RANGES

DESCRIPTION

EPIREZ® Colourpacks are Reactive Pigment Pastes for incorporation into **EPIREZ®** Flooring and **Supatuff™** Coating Systems.

EPIREZ® Colourpacks are available in a range of practical but attractive colours that will satisfy most aesthetic needs.

INTENDED USE

- EPIREZ® Easifloor
- EPIREZ® Safe Step® 550
- EPIREZ® Supatuff™ Acid Resistant Coating (AR)
- EPIREZ® Supatuff™ Food Grade Finish (FG)
- EPIREZ® Supatuff™ Heavy Duty Epoxy Coating (HD)

PRODUCT FEATURES

- Provides a range of colours to Epiresz® products
- Lead free
- Durable resistant pigments
- Reactive crosslinking does not deteriorate product performance

MIXING INSTRUCTIONS

It is strongly recommended that full units be mixed, as ratios are pre-measured.

Proper homogenous mixing of resin and hardener and colourpack at the correct ratio is essential for the curing and development of stated properties.

Refer to the **EPIREZ®** Flooring or **Supatuff™** Coating Systems technical data sheet to determine the number of colourpacks required per kit.

Simply add complete contents of the **EPIREZ® Colourpack** container to Neutral Base Compound of either **EPIREZ®** Flooring or **Supatuff™**.

Mix thoroughly with low-speed power stirrer until uniform colour is achieved.

STORAGE

Store in dry conditions between 10°C and 30°C, away from sources of heat and naked flames. Protect from frost. When stored in original sealed containers, the minimum shelf life is two years.

PRECAUTIONS

It is important to appreciate that whilst every care is taken to reproduce colours as closely as possible. Colourpacks of different batch numbers should not be combined. Likewise, some variation in shade might be experienced when the same **Colourpack** colour is used in different **EPIREZ®** products due to different solids contents, filler loadings and gloss levels.

WARRANTY

Epiresz will replace any material found to be defective. Because the storage, handling and application of this material is beyond our control, we can accept no liability for the results obtained.

DISCLAIMER

All information on this data sheet is based on laboratory testing and is not intended for design purposes. ITW Polymers & Fluids and EPIREZ® makes no representations or warranties of any kind concerning this data.

ORDER INFORMATION
