Designed with aluminium oxide grain for general purpose fast cutting of metals.

All wheels are reinforced for the demanding nature of cutting-off metals with right angle grinders.

Fast Cutting

- A36S Aluminium oxide grain
- Fast cut reinforced straight wheel for cutting off
- For steel and hard ferrous metals
- Durable resin bond designed for fast cut while retaining excellent wheel life

Designed for cutting non ferrous metals like aluminium, brass and copper.

The formulation resists loading or clogging of the wheel.

Aluminium cutting wheels type 41 available from 100mm - 230mm, depressed centre wheel type 42 available in 125mm.

Fast Cutting

- A36S Aluminium oxide grain
- Fast cut reinforced straight wheel for cutting off
- For non ferrous metals such as Aluminium, copper, brass & bronze
- Has a load resistant bond to reduce clogging
