High speed cut-off abrasive wheels designed for high speed petrol and electric-powered portable cut-off saws for metal.

The primary applications are cutting all metal (flat stock, bars, studs, pipes, tubes, angle iron, cable).

All wheels are reinforced for the demanding nature of cutting-off metals.

Easy Cutting - Hi-Speed (100m/s) portable cut-off saw

- A36S Aluminium oxide medium grit medium hardness
- Easy cut reinforced straight wheel for cutting off
- For stuctural steel bar and hard ferrous metals
- Durable resin bond designed for fast cut while retaining excellent wheel life

Structural steel bar & hard ferrous metals

The Rail cut-off wheel line consists of Type 41 straight 350-406mm diameter wheels, designed to fit on petrol & pneumatic power saws that are mounted on a rail track clamp.

The primary applications is for cutting rail track.

The Flexovit rail cutting range is suitable for hard, medium and normal rail hardness.

Rail Cutting - Hi-Speed (100m/s) portable cut-off saw

- A24P Aluminium oxide coarse grit soft hardness
- Easy cut reinforced straight wheel for cutting off
- Designed for use on rail track steels
- Durable resin bond designed for fast cut while retaining excellent wheel life
