Representative picture

- When you are in a hurry: the quick charger for all slide-on battery packs of all Volt classes (12 - 36V)
- The battery packs are charged up to 4x faster than with an entry level charger
- Patented "AIR COOLED" charging technology for short charging times thanks to cooling the battery pack during the charging cycle
- Optimal communication between battery pack and charger for maximum service life of the battery packs
- 3-year warranty on all Metabo battery packs and chargers irrespective of the number of charging cycles
- Many brands, one battery pack system: charger for charging all battery packs of the CAS brands: www.cordless-alliance-system.com
- "AIR COOLED" function: the patented principle is based on air-cooling the battery pack during the charging process. The battery packs are gently cooled down to the required charging temperature, and then during the charging process are constantly maintained at optimum temperature. With this principle, a higher tool life of the battery packs and up to 30% shorter total charging time can be achieved.
