AEROSOLS - DCM

Quick Zinc

Quick Zinc is an aerosol Zinc-enriched primer that enables a fast drying, anti corrosive coating to be applied to metal surfaces.
This provides a protective & durable coating for all types of metal including galvanised pipe, fencing, roofing, wrought iron, gates etc.
It's also suitable as a weld through primer and can be powder coated when dry. Quick Zinc uses a 99% purity zinc dust, and the dry film contains 83% zinc.

Silva n' Zinc

Silva n Zinc is a fast drying, industrial strength 100% epoxy coating designed to protect steel against corrosion, at the same time giving a gloss silver appearance to the painted surface. Silva n Zinc gives corrosion resistance via both barrier protections and sacrificial protection via a presence of zinc. Silva n Zinc uses a 99% purity zinc dust. Silva n Zinc is ideal to touch up and coat hot dipped gal structures and is suitable for use on all types of substrates.

400g Aerosol - **D1005**

Black n' Zinc

DCM Black n Zinc is a industrial strength, fast drying black coating to provide greater protection against rust and corrosion, and provides a long lasting top coat finish. Black n Zinc is suitable for use in workshops, garages, metal fabrication and welding and any industrial structure that need protection from the elements.
