MOLYCUT / RED RUBBER GREASE

COMPOUND
400g Tub - **M400**
2kg - **M401** & 65g Tube - **M402**

FLUID
250ml Bottle - **M410**
1L bottle - **M412**

SPRAY
400g Aerosol - **M420**

MOLYCUT is a range of high-performance lubricants designed for severe metal working operations such as drilling, reaming and tapping. They are highly concentrated mixtures of lubricity and reactive extreme-pressure and anti-wear additives. All of the products in the range provide excellent surface finish to components and protect tooling from wear and damage.

They are suitable for most drilling, reaming and tapping (spiral point, spiral flute and fluteless) operations on most metals.
For maximum flexibility of use and to accommodate individual preference the products available are:

METAL CUTTING COMPOUND - A soft paste compound suitable for brush or dip application

METAL CUTTING FLUID - A medium viscosity fluid suitable for manual application or automatic lubricator systems

METAL CUTTING SPRAY - A convenient aerosol form of METAL CUTTING FLUID

It is advised that compatibility is checked prior to use as the sulphurised, extreme-pressure additives may interact with some metals.

Features:

- Excellent extreme pressure and anti-wear performance
- Maximises tool life in arduous operations
- Available in liquid, paste and aerosol form

Instructions:

To obtain optimum performance METAL CUTTING COMPOUND, METAL CUTTING FLUID & METAL CUTTING SPRAY should be used as supplied. Apply either directly to the tool (while stationary) or to the hole to be tapped. Do not apply to rotating tooling.

Red Rubber Grease

MOLYTEC RED RUBBER GREASE is a premium quality clay thickened grease formulated with castor oil. Molytec Red Rubber Grease provides outstanding performance in a wide range of applications where contact with rubber compounds is likely or required. Molytec Red Rubber Grease is recommended as a general purpose grease.
This grease is compatible for automotive and industrial components for natural or synthetic rubber.

- Protects against rust & corrosion
- Excellent lubricity
- Compatible with natural & synthetic rubber
- Clay based

450g Tub - **M970** 60g Tube - **M971** 200g Tube - **M972**
