CLEAN UP SOLVENT

EQUIPMENT CLEANING SOLVENT

DESCRIPTION

EPIREZ® Clean Up Solvent is used for cleaning up equipment and tools.

EPIREZ® Clean Up Solvent contains a blend of solvents that have excellent dissolving power on uncured epoxy materials.

INTENDED USE

- Cleaning of mixing tools
- Cleaning of mixing bowls
- Cleaning of trowels, brushes and mixing blades

PRODUCT FEATURES

- Strong solvent action
- Effective cleaning

APPLICATION INSTRUCTIONS

Wash tools and equipment using Clean Up Solvent. Rinse off tools and equipment with warm soapy water. **EPIREZ® Clean Up Solvent** is effective only if the epoxy is uncured. Clean Up Solvent should not be used for thinning epoxies or cleaning hands.

Caution

- Care should be taken to avoid the solvent in contact with the skin.
- Clean Up Solvent is a flammable solvent hence it should be kept away from naked flames, sparks etc.
- The lids of Clean Up Solvent container should be kept closed when not in use.
- Use gloves and half face masks while handling Clean Up Solvent.

STORAGE

Store in dry conditions between 10°C and 25°C, away from sources of heat and naked flames. Protect from frost. When stored in original sealed containers, the minimum shelf life is four years.

PRECAUTIONS

Flammable liquid

WARRANTY

Epirez will replace any material found to be defective. Because the storage, handling and application of this material is beyond our control, we can accept no liability for the results obtained.
