SHEET METAL PUNCH

MADE IN UK

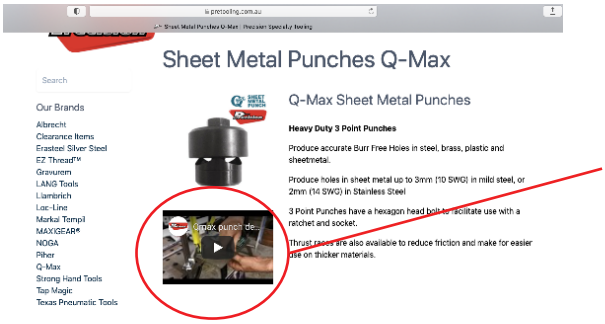

HEAVY DUTY 3 POINT PUNCHES

- Produce holes in sheet metal up to 3mm (10 SWG) in mild steel, or 2mm (14 SWG) in Stainless Steel
- 3 Point Punches have a hexagon head bolt to facilitate use with a ratchet and socket.
- Thrust races are also available to reduce friction & make for easier use on thicker materials

Sheet Metal Punches Produce accurate Burr Free Holes in steel and brass.
