NEW ITEM

"THE PYTHON" PIPE ALIGNMENT CHAIN PLIERS

- **Stainless Steel Contact:** Nickel-plated pliers, chain, and stainless steel screws offer durability and corrosion resistance.
- **Precision Alignment:** Ensures accurate pipe alignment for better welding results.
- **Locking Chain Clamps:** Wraps around irregular or oversized objects, reaching tight spaces for secure clamping.
- **Robust Construction:** Made with high-quality materials for tough fabrication environments.
- **User-Friendly Design:** Simple to use, enabling quick and efficient setup.

PN	Chain Length (mm)	Holds Pipes (mm)	Weight (kg)
PCA2048	1,200	up to 350	1.8

REPLACEMENT CHAINS / CONTACTS

PN	Description	Weight (kg)
PCA2048-R1	Replaceable chains, 1,200mm L	0.56
PCA2048-R2	Replaceable stainless steel contact, set of 4	0.63

NEW ITEM

LOCKING CHAIN PLIERS

Clamp odd shaped multiple items. Hold two workpieces, or a group of materials securely in place while you weld. Adjust tension with crank handle.

PN	Pliers Length (mm)	Chain Length (mm)	Loop Dia. (mm)	Weight (kg)
PFC724	178	600	up to 165	0.7
PFC736	178	900	up to 265	0.9
PFC748	178	1,200	up to 350	1.1
PFC762	178	1,550	up to 450	1.5
PFC1024	250	600	up to 165	1.0
PFC1036	250	900	up to 265	1.2
PFC1048	250	1,200	up to 350	1.3
PFC1072	250	1,800	up to 550	1.7
PFC10102	250	2,550	up to 750	2.0

REPLACEABLE CHAINS

Available in five different lengths: 600, 900, 1,200, 1,800, and 2,550 mm.

PN	Chain Length (mm)	Weight (kg)
PXC24	600	0.3
PXC36	900	0.4
PXC48	1,200	0.6
PXC72	1,800	0.9
PXC102	2,550	1.2
