

MIG PLIERS

PM08 is spring-loaded for one-handed usage and has vinyl-coated handles for secure gripping, and a hammer for light welding gun maintenance.

PM12 includes a fine/coarse file, flat/rounded hammer, V-Notch for wire/nuts, a comfortable grip, and a retention chain that attaches to MIG Gun Holders.

PM25 pliers feature a slag-hammer chipper side for eliminating welding leftovers, a flat hammer with a scraper edge for fast spatter removal, and an induction-hardened cutting edge, chipper edge, and scraper edge.

PN	Overall Length (mm)	Files	V-Notch	Hammer	Retention Chain	Weight (kg)
PM25	216	Fine & Coarse File	√	Flat face and chipper side	√	0.5
PM12	216	Fine & Coarse File	√	Flat and rounded face	√	0.4
PM08	216	Coarse File	-	Rounded face	-	0.3
